The chart above shows the current configuration of schools in Charleswood-Tuxedo as well as the new, September 2017 configuration. Trustees in Pembina Trails School Division have agreed that, insofar as possible, schools in the Division be configured to align more closely with Manitoba Education's Early, Middle and Senior Years grade groupings. This change will also harmonize Pembina Trails schools in Charleswood and Tuxedo with the norm for Winnipeg high schools. Above all, we believe the reorganization will benefit students.
