

POLICY DEVELOPMENT SYSTEM

The Board adopts the policy development codification and dissemination system of the National School Boards Association (NSBA) known as the National Education Policy Network (NEPN) system. This system is contained in 12 sections as follows:

- A Foundations and Basic Commitments
- B School Board Governance and Operations
- C General School Administration
- D Fiscal Management
- E Support Services
- F Facilities Planning and Development
- G Personnel
- H Negotiations
- I Instruction
- J Students
- K School-Community-Home Relations
- L Education Agency Relations

Each section has its own family of subcategories - codes that are accompanied by descriptor terms that provide suggested titles for policy statements. The NEPN/NSBA classification system provides a comprehensive list of policy codes, but its letter coding can be easily customized when a division needs more detailed codes in any specific area.

Supported by The National School Board Association, a not-for-profit federation of state associations of school boards across the United States, the system is commonly utilized by school boards throughout Canada.
