Our Schools

Pembina Trails is an innovative school division, offering challenging learning opportunities and encouraging students to care for each other and their community. We recognize and celebrate individual growth and work to promote a sense of community and belonging, both in the division and the world.

Pembina Trails serves the communities of southwest Winnipeg and has a student population of more than 15,000. Throughout every stage of their school journey, we help students develop, practice and refine the skills they need to be successful in school and beyond. We want students to be personally and intellectually engaged in their learning and embrace technology, creativity, innovation and problem solving.
