

SECONDMENT OF INSTRUCTIONAL STAFF

The Board recognizes the value of professional staff participating in secondment to other educational organizations and the Department of National Defence. The Board will consider approval of a staff member's secondment subject to the Superintendent's recommendation.

The Board may approve the extension of a secondment for a second period provided that it is with the same organization as the initial secondment and carries the approval of the Superintendent.

Extension of secondment for a third consecutive period will be subject to special consideration by the Board.
