

Pre-Approval Form

Pre-approval is approval from the school administrator that they support the extracurricular (ECR) activity and from the employee that they intend to accrue extracurricular hours. A pre-approval form signed by administrator must be submitted annually to the Human Resources Department by September 30. The pre-approval is confirmation that you have met with your principal and they have approved the extracurricular activity.

Teachers:

25 Extracurricular (ECR) hours: .5 of a day

50 Extracurricular (ECR) hours = 1 day

150 hours MAX = 3 days

Support Staff:

This is NOT a log of the ECR activities.

27.5 Extracurricular (ECR) hours = .5 of a day

55 Extracurricular (ECR) hours = 1 day

hours MAX = 5 days

Extracurricular Activity Log Form

Only logs in Excel format will be accepted. Logs must be detailed and specific. Each date must be entered separately. The Excel format is easy to use, it calculates the total as you enter the hours and has a place for signatures at the top.

Please submit logs once a year by May 31. Do not subtract days taken in your log. The log is intended for time accrued only. Your administrator may choose to verify logs more frequently, but please submit to HR only once.

Logs for time not yet completed will not be accepted. The only exception to this is by May 31 (due date) you can estimate hours for June activities in order to submit your log before the deadline.

Taking your ECR time

Submit a Leave of Absence Request form (GCC-E-1 for teachers or GDC-E for support staff) when you plan to take your ECR time. All logs must be received by May 31 of each year. If your ECR activity occurs in June please alert your HR department in advance. You will be notified at the beginning of June regarding your ECR balance.

A database of every pre-approval and log form received will be kept by Human Resources.

EXTRACURRICULAR PRE-APPROVAL FORM

This form must be submitted before the end of September.
