

## STUDENT LOCKERS

Schools equipped with lockers are authorized to assign such lockers to students for a term not to exceed one (1) school year, subject to the student's agreement to the terms outlined by the school.

All lockers will be subject to inspection upon reasonable grounds to believe that a school or division regulation, rule, or discipline has been breached or a violation of law has occurred and that the search would reveal evidence of the breach or violation. Inspections will be conducted by the School Administrator or designate in accordance with the procedures identified in JIH, JIH-R and JIHA.

*Accomplish Anything*
