Join Us!

Bairdmore Advisory Council are a group of parents and community members who work together with Bairdmore School staff to enhance your child's education experience.

What role do we play in the school?

In addition to advising administration on changes within the school, we also carry out the following responsibilities:

- **Fundraising**, which was most recently focused on a new playstructure and in the past has paid for technology in the classrooms, climbing wall for the gym, an outdoor classroom, staff appreciation and additional classroom supplies
- Organizing **fun lunches**
- Planning **community events**, which have included dances, movie nights and the Grade 5 farewell

Parent volunteers are essential!
