Welcome Back!

We've had a great start to the school year. We have welcomed some new students to Beaverlodge! Our current enrollment is 178 students.

School Plan Goals for 2026-2027

During the 2025-2026 school year, our focus was on engaging our students in practices that helped them to see themselves as learners and reflect and report on their own learning. Our focus for 2026-2027 is to support our students to continue to develop vital skills for life-long learning. We are targeting executive functioning skills and practices that promote well-being and mental health. Our goal is to move away from screens and towards the land!

Questions to Guide our Inquiry:

How does a focus on executive functioning skills contribute to improved learning outcomes for students?

What effect does integrating outdoor learning into our school-based practices have on students' executive functioning skills and learning outcomes?

Committees and Clubs

Students are already imagining ways they can be leaders and foster a sense of belonging at Beaverlodge. A complete list of extracurricular activities will be sent home shortly.
