Traffic Safety at **Whyte Ridge**

Taking the kids to school in the morning and collecting them again in the afternoon are quite possibly two of the most harrowing events in a parent's day. But they don't have to be ...

*Accomplish
Anything*

Where are the Drop Off and Pick Up Areas?

- In front of the school on Scurfield
- On the west side of the school on Columbia

Drop Zone (yellow on map to right):

- When dropping off, please pull up to the furthest point in the **Drop Off Area**.
- Children should get out on the passenger's side, not into traffic.
- Be prepared to drop off as quickly as possible (should take no longer than 15 seconds). The children's backpacks should be ready for them to grab and all special instructions should be discussed on the way.

Pick Up Area (yellow on map to right):

It is impossible to create a continuous flow in the **Pick Up Area**. Using common consideration there are a few things you can do to make this better. Please arrange to have your children wait in the **Children Waiting Area**.

- Come when you know your children will be waiting for you. If your child takes their time and you're always waiting then arrange to pick them up later.
- If you like to come early, please let your children know before hand, to exit the school and get into the car as quickly as possible to make a free spot for someone else.

Please DO NOT Use These Areas (red on map to right):

The **BUS LOOP** is for buses and authorized daycare vehicles drop off and pick up. Access is not permitted, except in emergencies.

STAFF PARKING is restricted to staff vehicles and handicap access only. Do not enter or use for turning around or dropping your child off.

Keep clear of the **NO PARKING** and **NO STOPPING** areas (this also includes the bus loop).

Please **DO NOT USE PRIVATE DRIVEWAYS** to drop off, pick up, park or turn around.
