Why Choose Brightling

Children develop loving and lasting bonds with their caregivers and friends at Brightling Childcare Academy, as they navigate days filled with enriching activities in a warm and secure environment. For over 30 years we have earned the trust of caring for children in our community. We continue to offer consistent, reliable and excellent care.

Our parents appreciate many qualities that separate Brightling from other daycares, including:

- Fully licensed, stage- and age-appropriate, full-time weekday and before-and-after school care for children from infants to age 12
- Formally trained early-childhood educators and caregivers, led by two former Manitoba elementary school teachers
- A fully accessible 10,000 square-foot facility equipped with classrooms, indoor/outdoor exercise spaces and equipment, home reading program, and audio/visual technology and equipment
- Enriched programming and experiences galore! (always fun, but secretly educational, too)
- Newly developed nature playground to promote children's love of nature and physical development
- Regular electronic exchanges with parents, providing photos and videos documenting their children's activities at the Centre
- Shuttle service to and from local schools
- A Junior Kindergarten Enrichment program to prepare kids for school
- An active community of parents and staff
- Extra-curricular family-friendly events and resources

Please join us!

We would love to show you what we do.

Please call 204-487-7879 to arrange a personal tour of our Centre at 1461 Chevrier (between Waverley and Pembina).

Caring-inspired learning Letting kids lead the way

Every parent knows it's easier to motivate a child to do something they enjoy. Brightling's team uses this insight to inspire the children in our care to learn.

Academically speaking, we combine a number of proven approaches to early childhood education and social development. Your child's individual needs, preferences, interests and abilities dictate how we lead them to age-appropriate learning.

We listen to what our parents tell us about their children, and to the many ways the children express themselves. This close collaboration shapes our approach for each child.

As a former teacher, our Executive Director, Karolina Dressler collaborates with leadership and teachers in area elementary schools to support children's readiness for school. We are proud that our licensing body, Manitoba Early Learning and Childcare recognizes Brightling's excellence in childcare.

We would love to welcome your family to the Brightling community, too!
